

Dell Rapids School District #49-3

Policies and Regulations Code: C – Federal Programs

CGD STATE AND FEDERAL PROGRAM ADMINISTRATION

Title I

It is the policy of the Dell Rapids School District to annually apply for Title I federal funds to serve children in school attendance areas with high concentration of low income families including children in local agency programs. It is believed that all students who qualify for Title I services will improve in their performance when strategies and programs are designed to meet their educational needs.

Title I schools in the Dell Rapids School District are considered targeted assisted sites in order to provide services to a selected group of children – those identified as failing, or most at-risk of failing, to meet the State's content and student performance standards. Children will be placed in the Title I program through procedures involving professional educators, administrators and parents/guardians.

A parent/guardian, student, employee, or District resident who has a complaint regarding the use of federal Title I funds should adhere to District policies and regulations. If a complaint regarding use of federal Title I funds remains unresolved, it may be forwarded by the complainant to the South Dakota Department of Education for review.
