

Dell Rapids School District #49-3

Policies and Regulations Code: JK – Students

JK EMPLOYMENT OF STUDENTS

The Board of Education understands the desire and sometimes the need for some students to work and to earn a wage during their high school years. The Board recognizes the employment of students in the following areas:

In-School Employment

Students may be employed by the district for a number of jobs. However, the district shall not employ students in hazardous jobs.

Outside Employment

A student who needs to work on a regular basis during the school day shall file a written request with the building principal. If the request is approved, the student shall file a work schedule with the principal. Changes in the schedule shall be reported by the student to the building principal. The student shall not begin the new schedule unless the change is approved by the building principal.

Vocational or Other Work Experience

A student who works in a board-approved vocational or other work-experience program shall have a schedule developed cooperatively by the employer and the supervising teacher and approved by the building principal prior to beginning the work activity.
