

ASSESSMENT OF IMPLEMENTATION OF THE SCHOOL DISTRICT WELLNESS POLICY

Dell Rapids Public School District 49-3

November 9, 2016

The assessment is based on a rating of 1 through 4 with 1 indicating minimal compliance and implementation and 4 indicating maximum compliance and implementation. Each member of the wellness committee provided an individual assessment for their building or area. An average of those scores were used to generate a district score which is provided below. The district's schools all met at least minimum compliance with elements of this policy with a high degree of compliance observed with many, if not most of the compliance standards.
