The 'Principle' Corner - A monthly report on school changes and academic updates by Principal Kimberly Kludt

We are only a few weeks into the second semester, yet it is now time for students to begin the process of planning their coursework for the 2012-2013 school year. I would like to share with you a bit of an explanation of how this process will work.

One of the first things that happens every year is for all eighth grade students to explore the plans they have for life outside of high school. All eighth grade students across the state complete this process using an online tool called SDMyLife (<http://www.sdmylife.com/>). This website, provided by the South Dakota Department of Education, offers career exploration resources organized into sixteen broad career fields called clusters (listed in the course description booklet found on the DRHS website). Within each cluster, students find information about possible careers, earning potential, and required education and training. SDMyLife leads students through the process of creating a Personal Learning Plan which serves as a map to his/her high school career. The plan is developed based on a student's unique skills and interests, and it identifies specific coursework a student will need to take to reach both academic and career goals. SDMyLife also provides a portfolio for students to visit to update skills and interests; record completed coursework, extra-curricular activities, work experience, school projects; and research additional career fields. At a minimum, students will revisit this site yearly to make changes and revisions. It is a wonderful research and organizational tool for our students and their parents which can be accessed any time during and after their high school career. After students complete the SDMyLife Personal Learning Plan, they begin examining our DRHS Course Description Booklet and other possible coursework (CTE Academy courses / dual credit courses / DDN courses / Advanced Placement (AP) courses).

Students meet and work with Ms. Ruesink to create a plan for their 2012-2013 schedule that is both academically challenging and a good fit for their personal interests. Below is the schedule we will follow:

- February 2 – Meet with students in grades 10-11 to discuss CTE Academy course offerings
- February 6 or 7 – Tour of CTE Academy for students interested in CTE courses
- February 10 – CTE course registration due to Ms. Ruesink
- February 16 – Meet with students in grades 9-11 to discuss DRHS course offerings
- February 21 – Meet with students in grade 8 to discuss DRHS course offerings. Students will individually take SD MyLife interest survey and create a Personal Learning Plan prior to this meeting.
- February 27 – 8th Grade Parents Informational Night... 7:00 in the High School Gym. We will discuss the DRHS course offerings and a variety of other topics pertinent to developing a comprehensive four year plan of study at DRHS.
- February 28 – Registration for students in grade 11 and grade 10
- February 29 – Registration for students in grade 9
- March 2 – Registration for students in grade 8

More information about the 2012-2013 course registration process, including the Course Description Booklet, can be found on the high school website. Please call the high school if you have questions about registration as we would be happy to help.

WEATHER DISMISSALS

When bad weather or other emergency conditions require that the schools be closed or that classes be started late or dismissed early, information will be immediately available by:

- 1). Checking the school district’s website.
- 2). Our emergency communication system (for those who have signed up)
- 3). From the following media sources:

KIKN FM, Radio 100.5
KJAM FM, Radio 103.1

DRHS Welcomes Student Teacher

Mario Massa

Mr. Mario Massa will begin his student teaching program this semester at Dell Rapids High School. Massa is currently attending Western Governors online college to get a four year degree in secondary education and social studies and will graduate in the spring of 2012. Through

demonstration teaching, he was placed in Dell Rapids to help with the social studies classes such as World History, U.S. History and Profound Events in History. Massa will be here until May with these classes working with veteran teacher Mark Shriver.

“I appreciate that DRHS has allowed me to come here. It’s nice to go to a middle sized school and to be able to work with all the different people and cultures,” said Massa.

Currently he is working at Lincoln High School as a football and wrestling coach. After school he plans on working with high school students and teaching social studies. He wanted to start teaching not only because he has the experience with being around kids, but he wants to make a difference. He wants kids to not only choose the right path, but be someone others can look up to.

Even with the budget cuts most schools are facing, Massa is still willing to substitute teach until a full time job comes along; any and all experience gained will help.

Shriver feels that a student teacher is beneficial. “Hosting student teachers is not only good for them, but Dell Rapids too because we as teachers get to see what colleges and universities feel are important.”

We wish Mr. Massa lots of luck in his future career plans.

SCHOOL BOARD

- Brian Davis..... 428-5375
- Cindy Schuch..... 428-0147
- Troy Randall 428-4660
- Matt Weiland 428-3570
- Tom Morris 428-4884

ADMINISTRATION

- Tom Ludens, Superintendent ... 428-5473
- Kimberly Kludt, HS Principal.....428-5473
- Francis Ruesink, MS Principal. 428-5473
- Barb Littel, Business Manager.. 428-5473
- John Jewett, Elementary Principal/
 Technology Director..... 428-5473
- Jeff Welbig/AD 428-5473

#7 District Office, #5 Elementary, #2 MS, #1 HS, #8 Bus Barn, #6 Lunchtime Solutions.

www.dr-k12.org

MEETINGS

The Board of Education meetings are held on the second Monday of the month. BOE meetings begin at 7 p.m. and are held in the Distance Learning Room at the High School. Agendas can be obtained from the Superintendent’s office on the Friday before any meeting. The Dell Rapids Tribune publishes the minutes of each regular and special meeting. Agendas and minutes are also posted on the school website.

Children's Capital Art Show

Children's Capital Art Show will be held at our State Capital in Pierre, February 14, 2012.

This event is sponsored by South Dakotans for the Arts. Student art work is digitally reproduced and printed on tote bags. These tote bags are presented to our District 25 legislators by the students. Presenters are welcome to attend opening session from the balcony of the Senate or House and be acknowledged their attendance. This year's presenters of their art work tote bags are Hannah Webig Grade 8; Tiffanie Dorale Grade 6; and, Amanda Tomes Grade 6.

From Left to Right: Hannah Webig, Amanda Tomes and Tiffanie Dorale.

School Board Election 2012

Two school board positions will be up for election on April 10, 2012. The two three-year positions, with duties to be assumed on July 9, 2012, will be vacant due to the expiration of the present terms of Brian Davis and Troy Randall.

Nominating petitions, along with information on how to circulate a petition, are available in the school district business office at 1216 N. Garfield Avenue. Petitions may be picked up and circulated between January 27-February 24, and must be filed with the business manager no later than February 24, 2012 at 5:00 p.m. To vote in this election, residents of the school district must be registered by March 26, 2012.

Serving as a school board member is a challenging job that requires leadership, vision, and dedication. It is one of the most important responsibilities a citizen can undertake. School board members shape the future of the community and society by establishing educational goals that help students reach high levels of achievement. Some of the most important duties of the school board are to advocate on behalf of all students, policy-making, hiring and evaluating the superintendent, planning and goal setting, maintaining fiscal responsibility, and providing safe, secure school facilities.

To be eligible to serve on a South Dakota school board, one must be at least 18 years old, a resident of the school district, and an eligible voter of the school district.

Lindberg selected as DRHS Quarrier for December

Jordan Lindberg

As the month of December rolled to an end the Dell Rapids High School staff selected another student to honor with

the Quarrier of the Month award. This time DRHS staff chose Jordan Lindberg.

Lindberg has not only been involved in many extracurricular activities throughout his high school years, but he has also kept an admirable academic record.

Lindberg was inducted into the National Honor Society his junior year of high school and has been on the honor roll all four years at DRHS.

He has been described as "a respectful young man and a great student" and has always been able to juggle his school work as well as his extracurricular activities.

He has been an active member of the football team all four years in high school, participating his freshman and sophomore years and lettering his junior and senior years. Lindberg has always been known as a great wrestler and it shows. He was a participant in wrestling in his seventh grade year and in his

eighth grade year he was a letter winner.

When he moved up to high school his freshman year he was a letter winner as well as a wrestler in the Big Sioux Conference and placed Sixth at the State Wrestling Tournament.

His junior year for wrestling he won Seventh at State as well as receiving the Ron Berg Memorial recognition award. Another achievement Lindberg had his junior year in wrestling was getting the fastest pin in eight seconds!

"I feel very honored to win the Quarrier of the Month, especially considering the others that I have seen with this honor. I believe I am in good company," said Lindberg.

"Jordan is a very mature senior who is respectful to everyone he is around. He has always been a hard worker and he always puts so much effort into anything he is involved in," wrestling coach and DRHS teacher Craig Jorgenson said.

Lindberg's future plans are to attend Augustana College in Sioux Falls, S.D. and major in Athletic Training.

Jordan is the son of Ray and Judy Lindberg.

Six SD Schools Serve Organic Beef from Ben Cook Family Farm

Six South Dakota School Districts that contract with Lunchtime Solutions, Inc., including Dell Rapids, served organic locally raised beef in January as part of the Farmers Market Selections program for local purchasing. The beef was featured in a recipe of home style beef chili on the January 11, 2012, school menu.

The Cook Family Farm in Adrian, M.N., is a third generation family farm homesteaded by Ben Cook's grandfather. Currently, Ben farms with his wife, Karen, and their children Matthew, Jason, David, and Natalie on 240 acres. All crops and livestock have been certified organic since 1995. They raise cows, Omega 3 organic eggs, corn, soybeans, oats, and flax. The soybeans are raised for the organic soymilk market. Ben Cook Farms has been featured on National Public Radio for their commitment to organic farming, and was named Minnesota Family Farm of the year in 2009 by the University of Minnesota.

Purchasing Cook Family Farm beef was arranged by Lunchtime Solutions Regional Manager Tam Edgar, whose family also farms near Adrian, Minnesota. Lunchtime Solutions local food service directors, area managers and regional managers are always on the lookout for local producers who would like to have their food products featured on school menus. Lunchtime Solutions, based in North Sioux City, S.D., professionally manages the food service operations in 38 school districts in South Dakota, Nebraska, Wyoming, Minnesota, Iowa and Missouri.

Visit Lunchtime Solutions on the web:
www.lunchtimesolutions.com

DRMS Students of the Month

DRMS would like to announce and congratulate the Students of the Month for January. These individuals have demonstrated positive behavior reflective of the Pillars of Character: trustworthiness, responsible, respectful, fair, good citizenship, and are caring individuals. Thanks to Lunchtime Solutions, Video Plus and the Pizza Ranch, Students of the Month recipients will receive gift certificates for these places!

January SOM recipients were (back row-from left): Zach Lemme, Maggie Boever, Lindsey Morris, and Harrison Schreurs; (front row-from left): Adam Nagelhout, Sean Anderson, Tayte Gleason, and Andrew Geurts

Influenza Prevention

Influenza is a viral infection that causes respiratory (dry cough, stuffy/runny nose) as well as other bodily symptoms (high fever, body aches, extreme fatigue) for 5-7 days usually. Please follow these simple yet effective methods to help prevent yourself and others from contracting this serious illness.

1. Wash your hands often with soap and water, or use hand sanitizer.
2. Cough and sneeze into your elbow or cover your mouth and nose with tissues.
3. Do not touch your mouth, nose, and eyes.
4. Stay home if you are sick, especially if you have a fever.
5. Get at least eight hours of sleep each night.
6. Eat healthy foods.
7. Get a flu shot.

Cold and Flu Season

In order to keep all of our students as healthy as possible, our school district follows the guidelines listed below in recommending students stay home from school when ill:

1. A student should stay home if he/she has a fever. The child may return when he/she has been fever-free for 24 hours without the aid of Tylenol or Motrin.
2. A student should stay home from school if he/she has vomited within the past 12 hours.
3. A student diagnosed with Strep Throat or Pink Eye should stay home until he/she has been on antibiotics for 24 hours.

Dell Rapids Elementary is PEANUT AWARE

Because we have students with severe peanut allergies attending our school, and it is our goal to keep our learning environment safe for everyone, we no longer serve peanuts or peanut products in our facility. We also highly discourage peanut products from being brought to school. We appreciate your cooperation in helping DRES keep our kids healthy and safe.

Ag In Action

The two sections of the Wildlife and Fisheries class have finished up the introduction to wildlife, habitat, hunting and management. The students are now working on wildlife identification. They will be working on large mammals, small mammals, non-indigenous species, upland game birds, duck, geese, swans and cranes. They will investigate the general description, the habitat, feeding habits and life cycle of the various species.

The unit on the FFA organization has been completed and now the Introduction to Agriculture, Food and Natural Resources students have started preparing for the shop unit. Shop tool identification, safety, project planning and design will be completed before the students go into the shop to construct a small wood project. Once they have completed their wood projects, they will return to the classroom for the next unit on international agriculture. They will analyze commodities produced in other countries, how they are traded and how that affects us as consumers. This unit will be followed by an introduction to animal science.

The Ag Metal Fabrication Technology students have finished up the classroom instruction on the fundamentals of the various types of welding and are now working on completing their required welds using oxyacetylene, arc and wire-feed welders. They also have the opportunity to use the plasma cutter and the TIG welder. Once they have completed the 14 required welds, they will design and construct their own

metal projects utilizing their welding skills. – 25. The theme for this year is “I Believe”

The FFA chapter will sponsor a 3-point shot event on February 3rd to help raise funds for the Cystic Fibrosis Foundation. Cystic Fibrosis is a genetic lung disease that causes the body to produce abnormally thick, sticky mucus, which clogs the lungs, leading to infections, and also obstructs the pancreas, inhibiting proper digestion of food. Progress in Cystic Fibrosis research has accelerated over the past few years and with the help of events like the 3-point shot contest, we can keep the Foundation on the forefront of medical science helping the 30,000 children and young adults who face cystic fibrosis every day. The FFA chapter will match the amount brought in on February 3rd. Several scholarships are available for senior members such as five scholarships of \$500 each for members who plan to major in agriculture at a South Dakota University or Technical Institute. A \$500 scholarship is available for a member planning to enroll at South Dakota State University majoring in Agriculture Education. Through the National FFA Organization, members are eligible for approximately \$2 million in scholarships designed to fit the diversity of the applicants. These scholarships are sponsored by businesses and individuals through the National FFA Foundation and are given for a wide variety of experiences, career goals and higher education plans. The selection process takes into account the whole student – FFA involvement, work experience, Supervised Agriculture Experience, community service, leadership skills and academics. Younger members can apply for the four \$500 scholarships to attend the Washington Leadership Conference held during the summer. All of the scholarships are due Feb. 15. Members are also busy planning and preparing activities for the National FFA Week February 18

as FFA members announce their beliefs every time they recite the FFA Creed. “I believe in the future of agriculture,” “I believe in leadership from ourselves and respect from others.” But these are more than just words. They represent a way of life for young people who want to make a difference in their schools and communities. FFA members don’t just recite their beliefs; they live their beliefs every day. The Corduroy Classic is scheduled to be held Saturday, Feb. 25th. This event includes a pre-game reception for FFA members and half-time festivities. It will be a night of great basketball and an opportunity to celebrate the special connection SDSU shares with the FFA. The SDSU women’s and men’s basketball teams take on Western Illinois at Frost Arena in Brookings. The FFA members are starting to prepare for the spring career development events. Those events areas include: Ag Business Management, Ag Mechanics, Ag Sales, Agronomy, Dairy Cattle Evaluation, Dairy Foods, Floriculture, Food Science, Horse Evaluation, Livestock Evaluation, Meats Evaluation, Natural Resources, Nursery/Landscape and Range Plant Identification. Members can attend a workshop hosted by Tri-Valley on February 8 to gain more insight on what the event is and how to prepare for it. The first event will be on March 6 at DeSmet. America’s Farmers Grow Rural Education, a Monsanto Fund program, gives rural public school districts the opportunity to compete for a grant of up to \$25,000. Local farmers can nominate our school district to compete for the grant. The program entry period runs from January 6, 2012 through April 15, 2012 and the site to go to is GrowRuralEducation.com or call 1-877-267-3332.

UPCOMING MARCH EVENT

The Dell Rapids Carnegie Library will be turning 102 in March, 2012. Plans are in the making for a fabulous party so mark your calendars and plan to attend.

Watch for more details in upcoming Wise Owl’s or contact Deb Huska at 428-3280 during library hours.

POST PROM MEETING DATE CHANGE

Due to Super Bowl Sunday falling on the regular meeting date for the Post Prom Committee you need to mark your calendar for a date change.

The meeting will be on Sunday, February 12, at 6:30 P.M. at Old 77. This meeting is important in that final plans will start to be made so plan to attend and help make the Post Prom activities a success.

If you need more information contact Stephanie Van Duyn at vanduynd@siouxvalley.net or Joanne Mathis at joannemathis@goldenwest.com.

For any other testing or scholarship information, contact Mrs. Jennifer Ruesink, Guidance Counselor, at 428-5473 - Opt. 1 at the Dell Rapids High School.

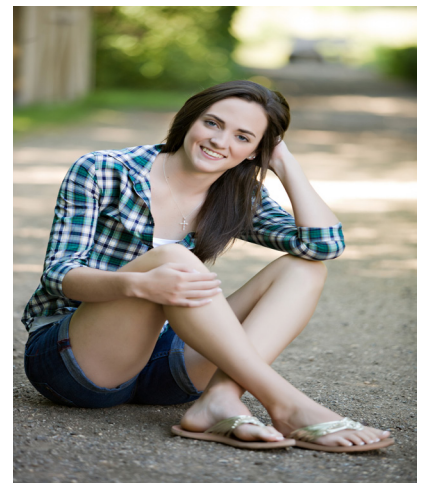

FREE AND REDUCED ACTIVITY PASSES AVAILABLE:

If you are in need of financial assistance to enroll your child (grades K-8) in a free activity (that is listed below) please contact your child's School Counselor: Ms. Kane, Ms. Coble, or Ms. Ruesink at 428-5473 to receive free or reduced activity certificates through the Connecting Kids program. Alpine Society (Winter Skiing and Snowboarding), American Lung Association (Camp Fix Asthma Now), Brandon Area Soccer Association, City of Canton (Summer Recreation, Night Ball, and Swim), Dakota Alliance Soccer Club, Dakota Spirit (Cheer, Hip Hop and Tumbling), Excel Educational Opportunities (Imagination Amplified Summer Camp), Great Plains Zoo (Classes and Camp), Singing Boys of Sioux Falls, Sioux Empire Baseball

Association, Sioux Empire Fat Pitch Softball Association (Boys and Girls), Sioux Falls Figure Skating, Sioux Falls Girls Chorales, Sioux Falls Parks and Recreation (Swim, Band and Singing) SFSD (MS/HS Bowl and Ski), Sioux Falls Tennis Association, Siouxland Heritage Museums (Day Camp), The First Tee of South Dakota (Golf), Washington Pavilion (Science/Art Camps and Classes). The following organizations, although not affiliated with the Connecting Kids program, may have free or reduced activities available: Boy Scouts, Dell Rapids Community Haven (Summer Recreation), Girl Scouts, Multi-Cultural Center (Karate), Outdoor Campus (Outdoor Activities), YMCA, YWCA.

Pierson featured in CTE Student Spotlight

Senior Lexie Pierson was recently recognized for her hard work and involvement at the Career and Technical Education Academy in Sioux Falls. CTE Academy is a school that hopes to educate and prepare students from surrounding areas for future success through specialized, relevant, and career oriented learning. Pierson attends Introduction to Engineering Design class at CTE and enjoys the unique experience. Lexie was featured in the CTE Academy Student "Spotlight" for her exceptional academic performance and admirable character. To be in the running for this recognition you must be noticed and nominated by an instructor. With about 650 students enrolled, just to be nominated is an honor. To be selected in outstanding! Pierson is very respectful to all staff and students and leads by example. Not only at CTE Academy, but also at DRHS, Lexie is a dependable, hard-working student. Pierson plans to major in either electrical or biomedical engineering next year. The class she is taking at CTE Acad-

emy helps to prepare her for the career field she is interested in and also allows interaction with students who have the same interests from various schools. When asked if she would recommend CTE Academy to other students, Pierson replied, "Yes, I would recommend CTE Academy to other students because it is a unique experience and it is fun to work with students from other schools as well as using the advanced resources that this school offers.

Big Improvements at DRHS

As most of you have probably heard, big changes are being made at Dell Rapids High School. There have been many improvements to the school, one being an additional gym with additions for the weight room and wrestling rooms. For Quarrier athletes, coaches, and fans, the new gym is an exciting addition and everyone is eager to see it put to good use.

The gym is located at the north end of the school, making it easily accessible from the high school and the middle school. Bleachers have been installed on the west side of the gym and can hold up to about 400 spectators. After replacing the scoreboards in the main gym, the old scoreboards were hung in the new gym.

The gym will be very convenient for practices, games and tournaments of all kinds. In addition to these benefits, the gym will also serve as a classroom. Prior to the addition, there was not enough space for both middle and high school students to receive the amount of physical education they are required to have. The middle school students were having gym class every nine days, which did not meet the requirements. With the new gym, the P.E. teachers will have enough gym space to make sure all students receive the required amount of P.E. class time.

Another addition that is connected and visible from the gym is a new weight room. There are two windows on the east wall of the gym that look into the new weight room. The transfer of equipment is in progress and the new weight room will be in use shortly. As for the old weight room, the south balcony in the

main gym, a new set of bleachers will be installed which will bump the capacity in the main gym up significantly. With this increase in seating, Dell Rapids will be able to host a region tournament.

Other additions and renovations include a new wrestling room, additional locker rooms, a new office for P.E. teacher Julie Barber, and an expansion of the art room, shop area, and music department. The faculty and students are grateful for the new facilities in these areas as well. These improvements are providing an enhanced learning environment for DRHS students. It is an exciting time to be roaming the halls of DRHS.

Julie Barber's PE class has gym class in the new gym set with the old scoreboards and new weight rooms in the background.

“Property Rites” a One Act drama success

“Ready? Lights, makeup! Stage Left!” Yup, it's One Act Play time!

On Thursday, Jan. 26, 2012, at 8:00 a.m., cast members from Dell Rapids High School performed at the One Act Regionals at Brandon High School for their dramatic one-act play entitled, “Property Rites”. Junior Paige Lampe said, “Everything is going really well. We are all working really hard on our lines and choreography to make sure this play is a success.”

The story behind this play deals with a humanly, robotic sculpture that is to be sold in a gallery. During display, the sculpture malfunctions. The series of glitches and flaws erupts into a spiral of problems, not only for the sculpture, but also for the other people taking part in the struggle. Freshman Jacob Ritter (playing Michael Pushting) said, “Practice is going great thus far. I'm excited to see how well we perform at regionals.”

During Regionals, three judges, all who have experience with plays and

drama, score students on their performance. If they make it past regionals they go onto state, which will be held Feb. 5-6.

“Overall, practice is going really good”, said sophomore Chandler Dersch. “It's always fun to hear Michael Mitchell's accents throughout the play.”

Sophomore Michael Mitchell played the part of Brent; senior Michael Luke played Kyle Macmanns; sophomore Alec Riswold played Rudy Pushtin; sophomore Brianna Schull played Gladys Pushtin, and freshman Jade Schull played the part of Leeza. The plays also included eight figures, in: freshman Brianna Koch; sophomores Tad Lacey, Taiven Logan, Jordan Stone, Chandler Dersch, and Gage Bortnem, and juniors Paige Lampe and Darrian Grassi. Tech people for this play included junior Cassidy Wright and sophomore Natasha Reit.

“It's a lot of fun at morning practices to see who has the most commitment”, said Riswold.

“This year we have a dramatic one-

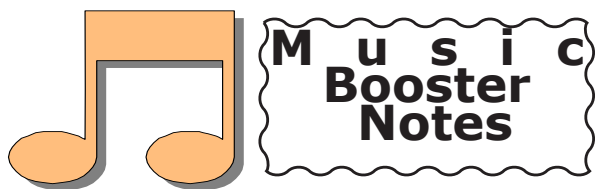

act play, which poses a challenge for everyone. But, we have a hard-working group and I am very pleased with how well they rose to the occasion.” said director Sharon Mitchell.

At Regions, the cast gave it their all and even though they will not be advancing to state they placed in the top four on the day.

Darrian Grassi and Taiven Logan received “Outstanding Performance” Awards at the competition.

The final scene with Michael Luke and Taiven Logan was a surprise cliffhanger from the events earlier in the play.

Welcome to the Music Boosters. Interested in helping plan for the trips, dinner, and fundraising or just want to know more about the music department? If your son/daughter is in Band or Chorus, you are already a member. Come join us the first Monday of the month at 7pm in the new and improved band room.

The Holiday concerts were a great success. We are planning on more music entertainment coming your way with the Music Boosters Dinner and possibly a jazz concert as well as the Spring concerts.

Even though Marching Band performances this year are done come watch the Pep Band during various home sport events. We do have a talented troupe of musicians. There were six students who tried out for All State Middle School Band and two students for All State High School. Tryouts were held in December and January.

The Yankee Candle fundraising was a sweet smelling success and one we hope to continue with. We also had the Schwan's Truckload sale Dec 6 which also was a big seller. Fundraising is part of the Music Boosters program. This fundraising helps with the cost of trips (which is in the planning stage), scholarships, instrument repairs, uniforms and other musical venues. Other fundraising opportunities are in the planning stages and we welcome all input.

A few of the Board members to talk to are

Sharee VanVoorst 428-4664

Marcia Lodmell 428-6010

Edie Hinricher 366-8319

Or you can email your child's teacher

Just A Reminder:

Music Booster "Chili Supper" 4:30-6:30 PM in the middle school commons during P/T conferences on February 6, 2012.

***Adults - \$5.00**

***Students (7-12) - \$5.00**

***Students (K-6) - \$3.00**

***Pre-school age - Free**

Come one, Come all - all the Chili you can eat!!!

Mentoring Program under way for Dell Rapids Students

It is with great enthusiasm that we announce the beginning of our School Based Mentoring Program!

The program aims to develop positive experiences and relationships between students and volunteers that promote character development. We are working with Lutheran Social Services to pair an adult volunteer with students at our school.

- Mentoring takes place once per week at school for approximately one hour at a time during the school day.

- Mentors are asked to commit themselves until at least the end of the school year, with the option of starting again in the fall with the same student.

- Lutheran Social Services will screen and train all mentors. The school counselor will match the volunteer with a student. A permission letter will be sent home with students who are identified by school personnel for this program. Students are not allowed to meet with their mentor unless it is permitted by a parent.

- Mentors and students may engage in many different activities, such as working in the computer lab, reading a book, playing basketball in the gym, eating lunch, playing games, completing art projects, working on homework or just hanging out and talking.

Mentoring is linked to building positive behaviors in children, including increased self-esteem, improved academic skills, attendance and social development, greater awareness of the importance of education, heightened sense of citizenship and character development, better understanding of trusting relationships, and increased confidence.

The mentoring relationship is rewarding for adults, too. It can be a way to learn more about yourself and experience

the joy of seeing a child grow and change because you are there to help.

If you'd like to become a mentor, or if you'd like more information, please contact Ms. Ruesink, Ms. Coble or Ms. Kane at their appropriate schools. Volunteer applications are available from the counselor or on Lutheran Social Services website, www.lsssd.org.

YOU HAVE THE POWER TO SAVE A LIFE

FRIDAY, FEBRUARY 3, 2012

(605) 428-5473

Take the First Step. Join the Registry.

The journey toward healing starts with you. Thousands of patients depend on the "Be The Match Registry" to find a donor who can give them a second chance at life.

Did you know that being registered as a Bone Marrow donor is as simple as a cheek swab? If you are found to be a match for a patient in need, the bone marrow donation is as simple as an apheresis blood donation.

That's it! Your tissue type is then added to the Registry. Doctors search the Registry daily looking for a donor who can make a transplant possible for patients in need of donor cells for blood cancers. We cannot predict the likelihood that you will become a donor since there is so much diversity in tissue types. If the Registry's donor center calls you about being a potential match, you may be the only person who can save that patient's life.

You must be between the ages of 18 and 60 to join the Be The Match Registry.

members on
this achievement!!**

**Keep up the
good work!!**

Improv Renewal Day!!!

It's here again, Improv Renewal. Improv is an improvisational theatre group which helps with showing drug and alcohol awareness and prevention along with other important topics to children ranging from Kindergarten through 12th Grade. This year it was held on Wednesday, Jan. 25, 2012, at the Volunteers of America building in Sioux Falls, S.D., and ran from 9:00 AM - 3:00 PM.

Renewal is a time where surrounding Improv troops come to train and learn together, to get ideas and renew what they already know. There was theatre training to make acted scenes good and powerful in message; confidence boosting drills, and how to get a strong message across to an audience without using words.

"We see this as a way to keep teens involved in the school community because they can teach others about other social issues," said Prevention Specialist Melinda Olson.

The Dell Rapids Improv troop members who attended were: Ashley Stanton, Chelsey Huffman, Darrian Grassi, Laura Payne, Miranda Wickert, Alexis Sprecher, and Taylor Kramer. These kids were supervised by Kara Likness who is the new Project Awareness Director at DRHS.

"I like meeting new people and being able to see their talent and to learn and get new ideas from them," said Senior Ashley Stanton.

Great job to all who attended and the techniques you now bring to the younger kids in the school district.

DRHS Theatre Department receives donation

Modern Woodsman of America representative Aleza Kirschenmann presents members of the DRHS Drama department with a check. At the fall performance, parents ran a bake sale and concession stand and raised \$693.14 for this organization in which MWA matched with \$500.00. Thank you MWA for your generosity!
