## Dell Rapids School District Parent Notification Of "No Child Left Behind"

The federal education law known as "No Child Left Behind Act" was put in place by President Bush requires that all parents in a Title I school be notified and given the opportunity to request information about the professional qualifications of classroom teachers instructing their child. The Dell Rapids School District provides Title I services to students in the elementary school. If you are interested in obtaining the information concerning the professional qualifications of the classroom teachers instructing your child, you may send your written request to the building principal. The building principal will provide a response.

# STUDENT DRESS CODE

Students attending any of the schools in the Dell Rapids School District 49-3 or representing the school district at a school sponsored function will not be allowed to wear any articles of clothing which convey any message of profanity, of drug, alcohol or tobacco, are sexually suggestive, or display racial slurs.

## POLICY ON ADMINISTERING MEDICATIONS AT SCHOOL

Schools assume great responsibility when administering medications to students. Therefore, parents must strive to give students required medications outside of school hours whenever possible. Many medications can be given outside of school hours by asking your doctor.

All medications which must be taken at school must be in a container from the pharmacy labeled with the student's name, name of the medication, correct dose, time to be given, and doctor's name (no unlabeled medication will be given). Ask your pharmacist for a second container with the above information on the label for school use. Every medication must have a written request slip with the student's name, dose, time to be given, and a parent's signature. No telephone permission will be allowed.

Only the school nurse and those who have taken a medication administration course will be allowed to measure medications. If a liquid medication must be taken at school it must be sent to school on a daily basis with only the amount to be given that day. The container will be returned to the student to take home to be refilled for the next day. A small bottle with the correct labels should be obtained from your pharmacists.

All students at the middle school/high school will be required to take their own medications. The office may keep the medication bottle and remind the student to take the medication.

All scheduled II controlled substances such as Ritalin and Dexedrine, must be brought to the school by the parents. Transportation of these medications by the student will not be allowed. Parents must bring in enough medication for one calendar month at the beginning of the month and the empty bottle will be sent home with the student at the end of the month for a refill.

# BUILDING SECURITY

As a follow up to building security, we will continue to lock all doors to the elementary, middle school and high school buildings between the hours of 8:55 am to 3:45 pm. The exception will be the north door at the elementary and the south door at the MS/HS which will be open. All visitors entering the building must go directly to the office and check in. If you are not a student or a current employee, you are a visitor. In the event of a fire, all exterior doors have panic bars and will open from the inside.

## BAND INSTRUMENT RENT

Band instrument rent is due at the rate established by the Board of Education. Instrument rent should be paid to either the high school or middle school band instructor by the end of September for the first semester. Students using school instruments will be informed of the amount due during the first week of school. The amount will be either \$9.00, \$13.50 or \$18.00, depending upon the cost of the instrument. Checks should be made payable to the Dell Rapids Public Schools.

## USE OF SCHOOL FACILITIES

Recognizing that the school facilities belong to the people, the Board of Education desires to cooperate with agencies and organizations within the school district by making school facilities available for their use. For this reason, all rental and service charges have been kept as low as possible considering the operation and maintenance cost. If you are interested in using a school facility, please contact the principal of that building.

## Wise Owl To Go Online!

The Wise Owl will be joining the 21st century. Beginning with the November issue, the Wise Owl will only be mailed by request. The monthly Wise Owl and school calendars will be published for viewing online at [www.dr-k12.org](http://www.dr-k12.org). ## TOBACCO POLICY

The Dell Rapids Board of Education recognizes that tobacco products pose a serious threat to the health and well-being of the District's students and employees. Therefore, the Board has developed the following policy which applies to all individuals regardless of age and regardless of whether they may legally use tobacco products.

The Board of Education prohibits the use of all tobacco products in any building, vehicle, or bus owned or operated by the school district. Use of all tobacco products is also prohibited on school grounds.

## INSURANCE NOTES

The school does not carry insurance to pay for school related accidents. If an accident occurs, all costs from the accident are the responsibility of the person having the accident. Persons are encouraged to carry accident insurance.

Student Accident Insurance is available through Student Assurance Services, Inc. of Stillwater, MN. The school district will include a brochure in each student's registration packet. To be eligible for coverage the envelopes must be returned to the company in the self addressed envelope enclosed in the packet. Claim forms will be available from the principal throughout the year with coverage subject to the terms of the plans listed on the brochures. The school district does not attempt to become an agent for the company and further questions may be directed to insurance agent, David Desch at 800-328-2739.

## ANNUAL NOTICE OF PRIVACY RIGHTS

This notice informs parents and eligible students (those 18 and older) of their rights concerning access to educational records, limitations on disclosure of record information, the opportunity to challenge the content of education records, and provisions for filing a complaint with HEW. These rights are spelled out in Public Law 98-380 as amended by Public Law 93-568, and in regulations published by the Department of Health, Education and Welfare in the June 17, 1976, Federal Register.

The law, and regulations published by the Department of Health, Education, and Welfare, requires educational institutions to:

- Provide parents and eligible students the opportunity to inspect student educational records. This can be done by contacting the school principal.
- Provide parents opportunities for a hearing to challenge the content of the student's education record when they believe it contains information that is inaccurate, misleading, or in violation of the student's right or privacy. (Grades are NOT subject to challenge).

Parents of dependent students will have access to the educational record. This agency will assume that the student is dependent on the parent (s) claim as tax exemption until we are otherwise notified.

This agency will publish directory information, collective, or individually unless a parent/eligible student within twenty days after receipt of this notice notifies the privacy officer in writing that any or all of the categories listed below should not be released without prior written consent. The directory information published will include the following: name, listing, date and place of birth, major field of study, participation unofficially recognized activities, sports weight and height of athletic team members, dates of attendance, awards received, and most recent previous educational institution.

Policy Available—Copies of district policy and implementation procedures are available upon request from the Superintendent's office.

Parents or eligible students may file a complaint with HEW if they believe their rights under this law have been violated and efforts to resolve the situation through MCPS appeal channels have not proved satisfactory. Complaints should be addressed to FERPA, HEW (Room 514E, 200 Independence Avenue, SW, Washington, DC 20201)

Eligible student means a student who has attained eighteen years of age, or is attending an institution of post secondary education.

## SCHOOL DISTRICT WELLNESS POLICY

In accordance with federal requirements, the Dell Rapids School District has adopted a Wellness Policy and Regulations that support student achievement and the development of lifelong wellness practices through the promotion of healthy eating and physical activity. The policy includes nutrition, physical activity, nutrition education, and other school based activity components. A committee of school board members, school administrators, food service and health professionals, teachers, parents, and students meets annually to review the policy and recommend changes to the school board.

The goal of the physical activity component is to provide opportunities for students to develop physical activity skills, maintain physical fitness and understand the benefits of a physically active and healthful lifestyle. Physical activity will not be used as punishment, and use of physical activity time for make-up work and testing will be limited.

Nutrition standards require that federal requirements are followed in the school lunch and breakfast program. Teachers and parents are encouraged to include healthful food choices for snacks, parties, and celebrations, and the use of food is discouraged as a classroom incentive. No soda will be sold in student vending machines and in the high school, vending machines will offer only foods and beverages on the District's preferred list of healthy foods.

## EQUAL EDUCATIONAL OPPORTUNITIES

All students of the district will have equal educational opportunities. The Board will not discriminate on the basis of race, color, creed, religion, gender, disability, economic status, national origin, or ancestry in its policies or programs.

To accomplish this policy on nondiscrimination, the Board will make every effort to provide all students equal access with respect to admission or membership in school-sponsored organizations, clubs, or activities, access to facilities; distribution of funds; academic evaluations, or any other aspect of school-sponsored programs or activities.

## ACTIVITY TICKETS

All elementary, middle and senior high students should buy activity tickets on their registration day. They serve as student identification for admittance to most activities conducted by the Dell Rapids Public Schools. Activity tickets also serve as identification for student prices at other activities. The cost of a high school activity ticket is \$20.00. The cost of a middle school activity ticket is \$15.00. Any elementary school student may buy the \$15 ticket for use during the 2010-2011 school year. Activity tickets were sold to students in grades K-12 on their registration day, and will be available at the first home football and home volleyball games.

Activity Admission prices are \$4/adults and \$2/students. Dell Rapids senior citizens (age 62 and over) may pick up a free season pass for events at the HS/District Office.

## SENIOR CITIZEN ACTIVITY PASSES

Senior Citizens (age 62 & over) who are residents of the Dell Rapids School District can receive free admission to most Dell Rapids Public School athletic events. A card will be required to receive free admission. Free season passes may be picked up at the HS/District Office.

# SCHOOL LUNCH

The Dell Rapids School District participates in the National School Lunch, School Breakfast, and Special Milk Programs. Lunchtime Solutions provides complete, well balanced, Type A meals that are attractive and satisfying to students. All students are encouraged to enjoy the nutritious meals that include an all-you-can-eat salad bar.

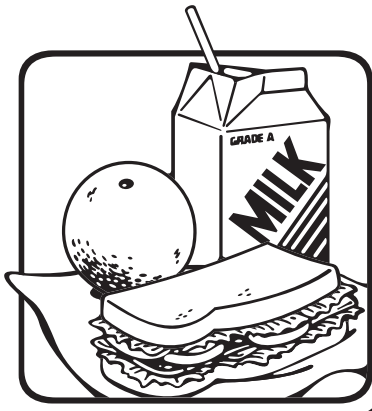

Applications for free and reduced price meals are mailed to each family with registration or open-house information and are also available in the principals' offices. Parents that wish to apply for free or reduced price meals for their children should return their application form to the business office.

Students may buy breakfast for \$1.25 at each school. The daily price for lunch at the elementary school is \$2.15, and the daily price for lunch at the middle school and high school is \$2.25. The price for an Adult Meal is \$2.80. The price for an extra milk, or milk for elementary breaks, is \$.40. An Extra Entrée is \$1.50 and an extra pizza slice is \$1.75.

A selection of a la carte items are available for purchase in the middle school and high school after the purchase of a complete meal. Parents are able to place restrictions on student purchases of a la carte items. Accounts may be restricted to allow no purchasing of a la carte items, to place a dollar limit on daily a la carte charges, or to allow a la carte purchases with cash only. To request account restrictions for the 2010-2011 school year, parents should call the business manager or food service director at 428-5473.

The district uses NutriKids computer software for record keeping. Each student has his/her own lunch account, and the district requires payment in advance for students to purchase meals or a la carte items. Any dollar amount can be deposited toward future purchases. It is recommended that deposits into students' accounts be made by check. Meals may also be purchased with cash at the point of service.

Through the MyNutriKids.com website, parents are able to use a convenient, easy and secure online prepayment service to deposit money into their child's school meal account. This service also provides parents the ability to view their child's account balance and print out a copy of their child's eating history report for the past thirty days. More information on how to access this service is available on the district website at <http://dr-k12.org>.

## AHERA ASBESTOS WARNING

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), it is my duty to inform you that the buildings of the Dell Rapids School District, contain some asbestos material. This asbestos material is located in the floor tiles of all our buildings. The asbestos material, according to the inspection conducted by ATC Associates Inc. is confined to the floor tiles in all of our buildings. There are certain procedures, which are required of the school district when dealing with the asbestos material. The law for the protection of all school personnel mandates these procedures. Every effort will be made to utilize precautions, so that the students and employees will not be subjected to unnecessary asbestos material. Asbestos floor tiles are located in classrooms, hallways and gymnasiums. This asbestos material is not friable in nature, and if properly maintained, is not considered to be a health hazard.

An AHERA building inspection and management plan, prepared by ATC Associates Inc. has been submitted to the Department of Water and Natural Resources in Pierre, and one is on file and is available to any interested parent, employee or patron for inspection during regular school hours. The management plan may be reviewed at no cost. If someone would wish to have a complete copy of the management plan, we would prepare one at a cost of \$25.00.

Please be assured that the school will make every effort to protect the safety of our students and employees.

## PUBLIC NOTICE

Students, their parents, and employees of the Dell Rapids District are hereby notified that this school district does not discriminate on the basis of gender and is required by Title IX not to discriminate on the basis of gender in its educational activities and employment practices. Any person having inquiries concerning the Dell Rapids School District's compliance with Title IX is directed to contact Mr. Tom Ludens, 428-5473 #7. Mr. Ludens has been designated by the Board of Education to coordinate the school district's effort to comply with Title IX.

## HOMEWORK REQUESTS

If students have to miss school for illness or other reasons the public school office would be happy to get assignments when they have been absent from school two days or more. If students are absent only one day we would appreciate it if they could get assignments from a friend. If a student knows that they will be missing school they should contact the office for an advance make-up slip before their absence. Thank you for your understanding and cooperation in this matter.

### BIRTH CERTIFICATES/ IMMUNIZATION LAW

It is a requirement that schools have on file a copy of a certified birth certificate from each newly enrolled student. This law affects all students moving into the district, as well as all incoming kindergarteners.

A certified copy of a birth record may be obtained from the South Dakota Department of Health, Vital Records Office, 523 E. Capitol, Pierre, SD 57501. Birth records may also be obtained from the county offices where the child was born. (Records for adopted children or children born out-of-wedlock are available only at the state office.) Birth records of children born out-of-state must be obtained from the state. To receive a certified copy of a birth record, send the child's name, date of birth and a \$5 fee to the appropriate county or state office.

Schools are also required to have on file verification that each student has had his/her appropriate number of immunizations. In South Dakota, each student entering school must have two immunizations for mumps, measles, and rubella (MMR). All kindergarten students are also required to have the Chicken Pox immunization. The certified copy of the birth record and immunization records must be presented on or before the date of enrollment in school.

# BOOSTER CLUB NOTES

## SPORTSMANSHIP

Concern over poor sportsmanship on the part of some athletes, parents, fans, and coaches has been expressed at several levels. At the state level, the South Dakota High School Activities Association has asked all member schools to review expectations and to address the issue.

Coaches have been instructed to require our athletes to be good sports and to model the ideals of sportsmanship themselves. Athletes have been told that displays of misconduct on the field or court will result in temporary removal from the game and that repeated instances will result in removal from the sport.

**Boost Your Brain Power!**

Wow, how profound is that statement? Who would have guessed that eating food when you wake up and haven't eaten for the last 12 hours would help your brain work better? A monkey maybe? Monkeys ARE pretty clever. How clever are you? Do you eat breakfast? It's amazing that some humans need scientific studies to know whether or not they should eat in the morning but monkeys figured it out ALL by themselves. Although, technically they did beat us into space. **Boost your Brain Power with School Breakfast!**

**Boost Your Brain Power!**

 Wow, how profound is that statement? Who would have guessed that eating food when you wake up and haven't eaten for the last 12 hours would help your brain work better? A monkey maybe? Monkeys ARE pretty clever. How clever are you? Do you eat breakfast? It's amazing that some humans need scientific studies to know whether or not they should eat in the morning but monkeys figured it out ALL by themselves. Although, technically they did beat us into space. **Boost your Brain Power with School Breakfast!**
